

Sunday, July 12, 2026												
Start Time	End Time	International Ballroom Center	International Ballroom West	International Ballroom East	Room 9-10 Combo	Cabinet	Georgetown	Jefferson West	Jefferson East	Lincoln West	Lincoln East	Monroe
9:00	10:45			DREAM	SCS: Student Council Symposium		Tutorial IP1: Agentic AI System for In Silico Team Science: From LLM Basics to Lab Assistant Agents	Tutorial IP3: From Trees to Networks	Tutorial IP5: Computational Network Analysis of Omics Data	Tutorial IP7: Quantum Computing for Multi-omics analyses	Tutorial IP8: Metagenomic sequence analysis using k-mer based methods	Tutorial IP9: Learning models of molecular sequence recognition from NGS data using biophysical machine learning
10:45	11:00	Coffee Break										
11:00	13:00			DREAM	SCS: Student Council Symposium		Tutorial IP1: Agentic AI System for In Silico Team Science: From LLM Basics to Lab Assistant Agents	Tutorial IP3: From Trees to Networks	Tutorial IP5: Computational Network Analysis of Omics Data	Tutorial IP7: Quantum Computing for Multi-omics analyses	Tutorial IP8: Metagenomic sequence analysis using k-mer based methods	Tutorial IP9: Learning models of molecular sequence recognition from NGS data using biophysical machine learning
13:00	14:00	Lunch Break - On Your Own										
14:00	16:00			DREAM	SCS: Student Council Symposium	Youth Bioinformatics Symposium until 17:15	Tutorial IP6: Network Biology Workflows with Cytoscape and NDEx: Visualization, Analysis, Sharing, Automation, and Apps	Tutorial IP2: Large Language Models and Agentic AI for Biomedical Informatics	Tutorial IP4: Generating realistic synthetic biological data using phylogenetics	Tutorial IP7: Quantum Computing for Multi-omics analyses	Tutorial IP8: Metagenomic sequence analysis using k-mer based methods	Tutorial IP9: Learning models of molecular sequence recognition from NGS data using biophysical machine learning
16:00	16:15	Coffee Break										
16:00	18:00	Career Fair in Columbia										
16:15	18:00			DREAM			Tutorial IP6: Network Biology Workflows with Cytoscape and NDEx: Visualization, Analysis, Sharing, Automation, and Apps	Tutorial IP2: Large Language Models and Agentic AI for Biomedical Informatics	Tutorial IP4: Generating realistic synthetic biological data using phylogenetics	Tutorial IP7: Quantum Computing for Multi-omics analyses	Tutorial IP8: Metagenomic sequence analysis using k-mer based methods	Tutorial IP9: Learning models of molecular sequence recognition from NGS data using biophysical machine learning
18:00	18:30	Pre-Conference Break										
18:30	19:30	Conference Welcome and Distinguished Keynote - Richard Durbin										
19:30	21:00	Welcome Networking Reception in Columbia Ballroom										

Monday, July 13, 2026												
Start Time	End Time	International Ballroom Center	International Ballroom West	International Ballroom East	Room 9-10 Combo	Cabinet	Georgetown	Jefferson West	Jefferson East	Lincoln West	Lincoln East	Monroe
8:40	10:00	Morning Welcome and Distinguished Keynote - Olga Troyanskaya										
10:00	11:00	Caffeinate and Connect with Posters and Exhibitors in Columbia Ballroom										
11:00	13:00	HitSeq	iRNA	RegSys	CompMS	NIH/ODSS	Microbiome	TextMining	CSi	BOKR	Function	Tech Talks
13:00	14:20	Lunch Break - On Your Own										
14:20	16:00	HitSeq	iRNA	RegSys	CompMS	NIH/ODSS	Microbiome	TextMining	CSi	BOKR	Function	Tech Talks
16:00	16:40	Caffeinate and Connect with Posters and Exhibitors in Columbia Ballroom										
16:40	18:00	HitSeq	iRNA	RegSys		NIH/ODSS	Microbiome	TextMining	CSi	BOKR	Function	Tech Talks
18:00	19:30	President's Reception - INVITE ONLY										

Tuesday, July 14, 2026												
Start Time	End Time	International Ballroom Center	International Ballroom West	International Ballroom East	Room 9-10 Combo	Cabinet	Georgetown	Jefferson West	Jefferson East	Lincoln West	Lincoln East	Monroe
8:40	10:00	Morning Welcome and Fellows Introduction followed by Distinguished Keynote - Partha Majumder										
10:00	11:00	Caffeinate and Connect with Posters and Exhibitors in Columbia Ballroom										
11:00	13:00	HitSeq	iRNA	RegSys	Publication Session	BioInfoCore	Microbiome	SysMod	BioVis	BOKR/BOSC	Function	Tech Talks
13:00	14:20	Lunch Break - On Your Own										
14:20	16:00	HitSeq	iRNA	RegSys	Industry Workshop	BioInfoCore	NetBio	SysMod	BioVis	BOSC	BOKR/Function	Quantum4Life Sciences
16:00	16:40	Caffeinate and Connect with Posters and Exhibitors in Columbia Ballroom										
16:40	18:00	HitSeq	iRNA	RegSys	Career Symposium	BioInfoCore	NetBio	SysMod	BioVis	BOSC	Function	BOKR
18:00	19:30	Success Circles - Reinvented Networking where participants are grouped into small circles, each led by a knowledgeable facilitator in International Terrace										

Wednesday, July 15, 2026												
Start Time	End Time	International Ballroom Center	International Ballroom West	International Ballroom East	Room 9-10 Combo	Cabinet	Georgetown	Jefferson West	Jefferson East	Lincoln West	Lincoln East	Monroe
8:00	8:45			ISCB Town Hall								
8:50	10:00	Morning Welcome and Distinguished Keynote - Marinka Zitnik										
10:00	11:00	Caffeinate and Connect with Posters and Exhibitors in Columbia Ballroom										
11:00	13:00	MLCSB	TransMed	3D	NetBio	WEB	GenCompBio	EvolCompGen	Varl	BOSC	CAMDA	ICBO
13:00	14:20	Lunch Break - On Your Own										
14:20	16:00	MLCSB	TransMed	3D	NetBio	WEB	GenCompBio	EvolCompGen	Varl	BOSC	CAMDA	ICBO
16:00	16:40	Caffeinate and Connect with Posters and Exhibitors in Columbia Ballroom										
16:40	18:00	MLCSB	TransMed	3D	NetBio	WEB	GenCompBio	EvolCompGen	Varl	BOSC	CAMDA	ICBO
